**SCA'S ROLLNAP<sup>®</sup> CAN REDUCE NAPKIN WASTE BY UP TO 30%**

RollNap<sup>®</sup> is one of SCA Tissue's best solutions to napkin over-consumption. The dispenser's unique "pull and tear" system allows consumers to use what they need – without waste. Research has shown that RollNap reduces napkin usage an average of 30 percent compared to traditional napkin dispensers. The unique dispenser design reduces the need for frequent refills because it holds 40 percent more napkins than traditional dispensers. This makes RollNap ideal for high traffic venues such as quick serve restaurants, convenience stores, theaters, sports stadiums and cafeterias. To learn more about RollNap, visit SCA's booth #6757 at the 2004 NRA Show, call 866-722-6659 or visit the company's Web site at [www.scatissue.com](http://www.scatissue.com).
