**IFDA and SYSCO Name SCA Tissue a Top Foodservice Supplier**

SCA Tissue was recently honored by the International Foodservice Distributors Association and SYSCO Corporation as a top supplier to the North American foodservice industry.

Members of IFDA voted SCA Tissue one of its top three suppliers for 2005. And SYSCO named the company a Top 10 supplier, honoring it with a 2005 Gold Level Supplier Award.

“This kind of recognition by IFDA members and by SYSCO means a great deal to SCA Tissue because it reflects the opinions of our valued customers,” said Don Lewis, SCA Tissue Senior Vice President, Sales and Marketing. “As a shaper in the foodservice industry, we appreciate these affirmations of our efforts to continually become closer to the customer by really understanding their needs and supplying them with innovative products to meet those needs.”

IFDA members gave SCA Tissue the third highest vote totals in its annual supplier survey. SCA Tissue was the only paper products manufacturer singled out for recognition among the more than 50 supply companies eligible for votes. IFDA’s 138 members represent \$85 billion of the \$207 billion in annual sales in the North American foodservice distribution industry.

SCA Tissue was also the only paper products manufacturer selected as a Top 10 Gold Level supplier by SYSCO. Award recipients were selected from a group of more than 2,000 eligible suppliers throughout the world. SYSCO Corporation is the largest foodservice marketing and distribution organization in North America, with annual sales of more than \$30 billion.

SCA Tissue North America is a major supplier of Away-From-Home tissue products, with brand names including Tork[®], Park Avenue Ultra[®], Coronet[®], and Main Street[®]. The parent company, SCA, is a \$13 billion international paper company that employs some 53,000 people in 50 countries. In the Americas, SCA is a leader in tissue, specialty packaging and personal care. More information is available at www.scatissue.com.
